

Term 2 Week 8

Old McDonald

Our babies have been very busy creating our new wall display "Old McDonald had a Farm". They sat with their key person given one-to-one attention each baby was encouraged to chose an animal and explore it, they were then shown a picture of the animal.

We then sang together "Old McDonald had a Farm" which the children really enjoy and we made the animal sounds encouraging the children to mimic the sounds supporting their Communication, Language and Literacy.

"Babies respond differently to different sounds and are able to distinguish sound patterns. They learn to talk by being talked to; using their voices to make contact, learning through activities and experiences that engage all the senses."

The Early Years Foundation Stage 2008
